

Cantabile Trick or Treat Performance Lyrics

FALL MEDLEY

Hayride

Let's go on a hayride. Let's go on a hayride. Let's go on a hayride. Let's go have some fun.
We'll sing a song while the bumpy wagon rolls along. Let's go on a hayride. Let's go have some fun!

Pick a Pumpkin

Pick a pick a pumpkin from the pile. We can make his eyes and a great big smile.
Pick a pick a pumpkin round and clean. Then we'll be ready for Halloween!
Halloween, Halloween, Then we'll be ready for Halloween!
Halloween, Halloween, Then we'll be ready for Halloween!

This is Halloween

Creatures! Black cats! Monsters! Halloween! Pumpkins! Spiders! This is Halloween!
Spooky! Candy! Creepy! Halloween! Scary! Hairy! This is Halloween!

SOMETHING...

Something is stirring out in the hall. Shadows are creeping across the wall.
Stirrings in the hall, Shadows on the wall. I am not a-, I am not afraid at all!
Footfalls are sounding upon the stairs. Floorboards are creaking but no one's there.
Footfalls on the stairs, but there's no one there. Doesn't matter, doesn't matter, I don't care!

Something's in the attic (*who who*) Scampering overhead.
Fluttering in the rafters. (*coo coo*) *What was that?*

Something is whistling. (*whistle*) Voices are whispering. (*whisper*)
I am not scared, Ooo. I am not scared, Ooo. I am not scared. Are you? (*Boo!*)

MONSTER

What's that noise? What's that sound? Is there anyone else around?
Reveal your claws, your hungry jaws; there's a monster in this hall!
Bar those windows, lock the doors. Under the chairs, beneath the floors.
Don't try to die that you're inside; there's a monster in this hall!

Monster! Monster! My back's against the wall. Monster! Monster! There's a monster in this hall!

Creeping closer, almost here. I can feel it drawing near.
We're face to face, I've lost the race; there's a monster in this hall!
Hey, wait, it looks like me! I'm the only one I see.

No fear or doubt, I'm here to shout; there's a monster in this hall!

Monster! Monster! My back's against the wall. Monster! Monster!
There's a monster in this hall!

Monster! Monster! In the hall!

Monster! Monster

My back's against the wall!

Monster! Monster! In the hall!

I'm the monster in this hall! I'm the monster in this hall!

SOMETHING IN THE DARK

Walking late one chilly eve in a dark and lonely wood.
I spied beneath the blackened leaves something close to where I stood.
Creatures moving in the night, man or beast I could not see.

But trying to stay out of sight, I stayed hidden in the trees.

Oh! Where is the moonlight? Oh! I cannot see.

Oh! Bring on the morning! Oh! What can it be? Oh! What can it be?

3 groups Something moving in the night. Will it see me? Does it bite? (4 times)

A Yellow beady eyes looking at me. Something in the night, what can it be? (3 times)

B Don't be afraid, don't try to flee; Just stand real still behind this tree.

C Never have I been this frightened, what can this be?
How will I escape the darkness haunting me?

What's that ringing in my ear like a creature when it screams?

Could this be really happening? Or perhaps, or perhaps, or perhaps just in my dreams?
